O F F R O A D

**24 HOUR
CHALLENGE**

**4WD
EVENTS
AUSTRALIA**

General Notes

- All competitors should monitor UHF 13
- All coordinates should be given in UTM.
- All tag answers should be colour and number.
- Checkpoint cards should be handed in to receive extra notes or stamps on your answer sheets.
- There are times when you won't know you're going until you get there... you will have to use the information you have, and then make decisions based on information along the way, and the track as it is on the ground.
- Bonus question 1 – what is the tag at the racquet?
- Your Aberfeldy Track map holds valuable information about history in the area.
- Bonus question 2 – using the clue under the cap of the “KENDA” post, what is stuck on the west wing?
- Accurate cricket scores can only be found on the back.
- **Pluto track** and **Cullen track** have been designated off limits by DEECA in our event permit. They are strictly off limits.

Part 1

The first thing you need to do is retrieve your official map from Hema. You can find them roughly 14Kms from Kitty Cane's Grave, 13 Kms from William Creighton's grave and 17kms from Licola. Use an Aberfeldy Track map from the map station at the entrance to base camp to locate and triangulate these points. You will need to exit camp south and take the first track past the cemetery to the Northeast.

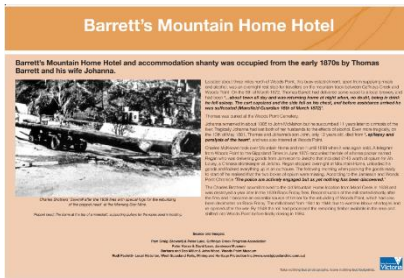

1. What is Cannon's currently known as?
2. How many tek screws are holding the burnt 1Km sign to the tree?
3. At what coordinate can you find "Mr Grumbles" the pink bear.
4. Who Offers "All aspects of Carpentry"?

- 5.
- 6.
- 7.
- 8.
- 9.
10. How was the galvanised pole left?
11. J is for what at the H?

WP1

12. L is for what?

13. What goods, bound for a Jericho storekeeper went missing from an outhouse at this hotel?

14. What is purple at 1082m?

Take the centre option.

15. Who is your biggest voice in the High Country?

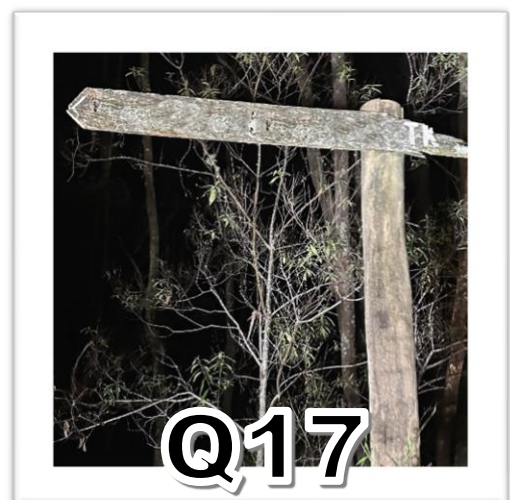

Cross 1326m elevation.

16. There are three rings of tape on this track sign. What colour is the tape?

WP2 430299 / 58424492 Enter from WSW¹/₄W. Exit ENE¹/₄E.

17. What did this sign read?

18. According to Angus McMillan, how far out was Mt Feathertop on the government map?

19. Found near the entrance to the track to Wyeton, what injuries has this bear sustained?

21. Is it a Nissan, Toyota depot or Jeep depot?

Return to camp via Donnelly Creek Rd. Hand in your answer sheet and logger. Your Part 2 start time will be issued to you based on the order of your return.

Time to spare and looking for a tougher option?

Take a 20Km long side route back to base camp, via a mapped Heliport. This option begins roughly 3800 road meters past Q20. You will skip Q21 but gain 20 pts if your route is accurate.

****Do not attempt in wet conditions or without adequate recovery gear.***

Part 2

Some tracks may be used multiple times, in both directions. Please be aware of oncoming traffic.

1. What is written on the entrance of the culvert at the place where Richard Flemming discovered gold.

2. What is the coordinate of this picture?

3. What is the score at the cricket?

4.
5.
6.
7.
8.
9.
10.

11. What vehicle accessory has been discarded at *this intersection*?

12. What is the coordinate of this photo?

13. What is the coordinate of this photo?

**WP1 454845 / 5815909 exit SW.
via 456020 / 582357**

**Wp2 452005 / 5812971 enter from W, exit
onto unmapped track, keep right when
rejoining mapped tack.**

- 14.
- 15.
- 16.
- 17.
- 18.
- 19.

- 20. How do I feel about the post at *this intersection*?
- 21. What brand of thong is on the tree?
- 22. What record was broken on Flats Track?
- 23. Found along White Star Track, what piece of recovery equipment has a 4.7t rating?

24. The areas either side of this track are restricted access.
What is the speed limit?
25. What is the phone number at the crime scene?

8. What is the size of the racquet?

SABER

O F F R O A D

Pause your plotted course and complete this side route. Once completed you may continue as planned.

7868m East then 510m South of Whiska's Grave.

Enter from SW, Exit S.

9. What is the intersection at this sign?

10. What product package is screwed to the tree?

SABER

O F F R O A D

No more loops. No, More loops!

Or maybe a stickmap...

When you find this intersection on your main route, exit in the direction written on the post, then begin your stick map. Once completed, take the shortest mapped tracks to get back to the main course and continue.

END

14. What tag is on the tree
15. what colour tape is on the post at the intersection.
16. what is the location of the photo below.
17. what is the oil on the tree for?
18. what is the tag inside the golden wall?
19. what tag is on the southern most side of the tree?

START

This stick map shows a representation of every track intersection between the start and finish photos.

Tracks are defined as obvious work tracks. If you are unsure if it should be considered a track, it probably isn't considered a track.

Keep a keen eye out, as a missed track will see you out of sync...

Water crossing

Track on left, ignore.

Exit right.
